## License information

### Software license

**cobas**® p 312 pre-analytical system software is protected by contract law, copyright laws, and international treaties.

**cobas**® p 312 pre-analytical system software contains a user license between Roche Diagnostics GmbH and a license holder, and only authorized users may access the software and use it. Unauthorized use and distribution may result in civil and criminal penalties.

### Open source and commercial software

**cobas**® p 312 pre-analytical system may include components or modules of commercial or open-source software. For further information on the intellectual property and other warnings, as well licenses pertaining to the software programs included in **cobas**® p 312 pre-analytical system, please contact your local affiliate or Roche Service representative or check on [www.dialog.roche.com](http://www.dialog.roche.com) with the search “Legal Information p 312”.

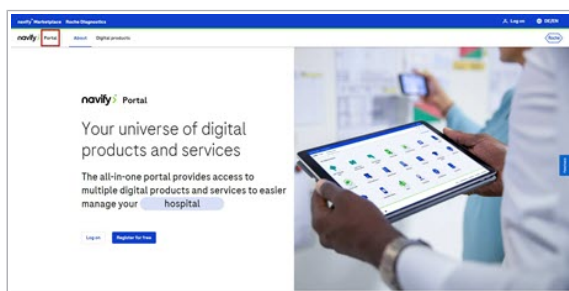

This open-source and commercial software and **cobas**® p 312 pre-analytical system as a whole can constitute a device regulated in accordance with applicable law. For more detailed information, refer to the user documentation and labeling.

Note that the respective authorization is no longer valid according to the corresponding legislation should any unauthorized changes be made to **cobas**® p 312 pre-analytical system.

## Accessing the legal information

### ► To access the legal information

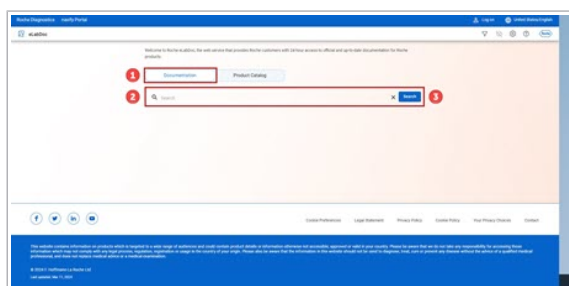

- 1 In your browser, open the navify® Portal global website: [www.dialog.roche.com](http://www.dialog.roche.com)

2 Choose the Portal tab.

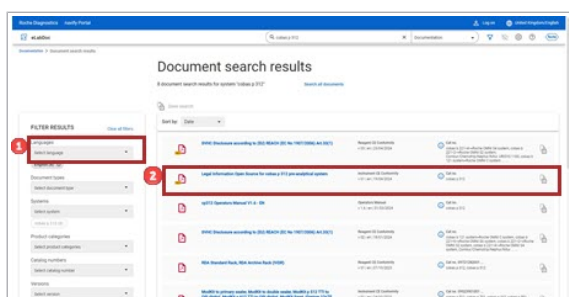

3 Choose the eLabDoc button.

4 To search for the document:

- Choose the Documentation tab.
- In the text field enter: cobas p 312.
- Choose the Search button.

5 On the page with the search results:

- In the Language drop-down list, choose English.
- Choose the “Legal Information Open Source for cobas p 312 pre-analytical system” document.
- Download the document.

**i** For downloading the document, you may be required to log on.
